

FACE in itinere

Improving the access of farmhouse and artisanal cheese and dairy producers and sellers to **training programmes adapted to their specific needs**, using **networking and mobility** around Europe

Programme funded by Erasmus+

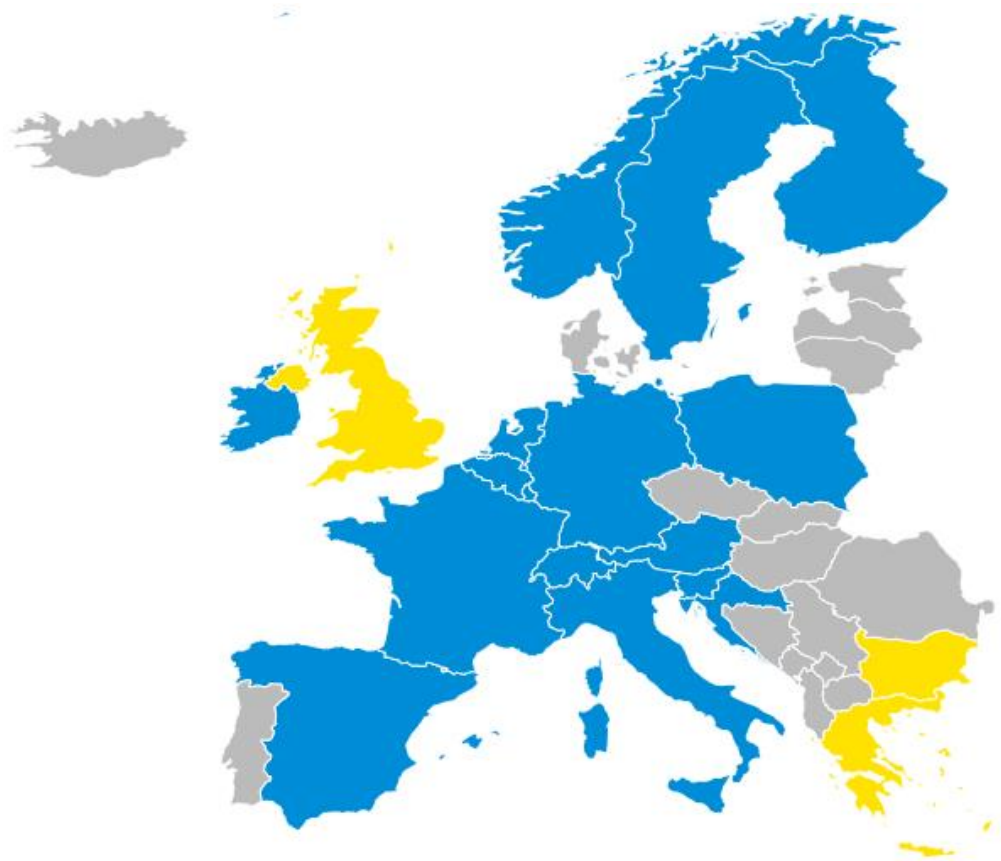

Information meetings
2020

Welcome!

- Presentation of project FACE in itinere
- Demonstration of platform
- Meet the users of the platform
- Analysis of training system in sector of small scale dairies in Europe
- Example of international project on education
- Questions & Debate

What is FACEnetwork?

 **Full members**

European cheese and dairy makers associations

 **Supporting members**

All other organisations like technical centres, research institutes, universities, vocational schools, suppliers and much else

members in 19 countries representing 4000 producers

- September 2019 – December 2020
- 22 partners from 15 countries
- Total budget: 166 906 € (Erasmus+)

Project management:
FACEnetwork

Objectives

*“To provide to current and prospective cheese and dairy makers and retailers a **better access to trainings adapted to their needs**. This project will put a specific attention to open opportunities for **experiences in real working situation** (internship, visits of producers to each other...) as essential complements to “classical” education.”*

Content of the project

Platform for exchange
- internships & visits
- farms & shops

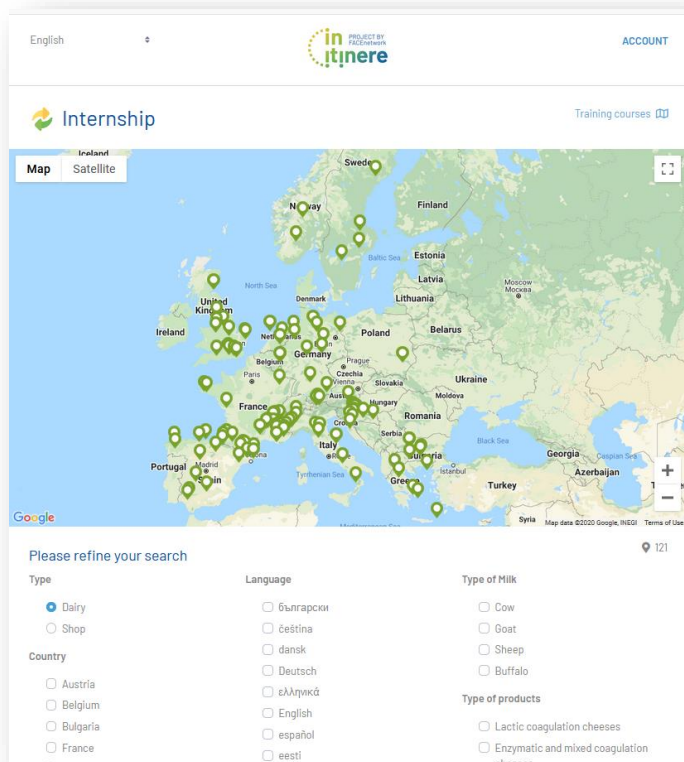

Inventory of courses

Analysis:
How to improve the
training system?

Platform for exchange internships & visits in farms & shops

Focus on learning & exchange
